

Carlisle and Cumbria United Independent Supporters Trust

Carlisle United Official Supporters Club

Junior Blues Christmas Party

Hi everyone,

Hope you all had a great Christmas and New Year especially with the results we have had! Before Christmas the Junior Blues had their first Christmas Party, it was great fun and everyone enjoyed it. I even think some players enjoyed it more than the kids!!! All the players joined in the games (except musical bumps because of the risk of injury!) where some excellent prizes were won including a signed shirt, lunch boxes, car kits, flags and maths sets.

I would like to say thanks to Carlisle United for allowing us to use the Sunset Suite, Phil Holmes for helping to organise the party and of course to Paul Simpson and all the players who made the night even more special for the Junior Blues who got to meet their favourite.

A special thank you must go to Paul Raven for donating the shirt he wore at Oxford United. I would also like to thank all the CUOSC committee members that helped out before the party and on the night.

All the photos taken on the night are now up in the Supporters Information Boards around the ground (the Paddock and East Stand) and if you would like to order any of them then please feel free to contact me. Photos will be charged at £1.00 each.

Below is a selection of photos from the night.

Claire Brown
Junior Blues Representative

CCUIST Update

Just a quick reminder of the www.buy.at/CCUIST website. This is a special online shopping site where every purchase made helps CCUIST. Typically between 3 and 5 per cent of each transaction goes to the Trust.

Thanks to Christmas and New Year sales, we have already made over £32 from purchases completed through the site. With Valentine's Day coming up, you can find some great deals at the buy.at/CCUIST shop, at retailers such as Marks & Spencer, Thorntons and Teleforist. Remember to bookmark the site and use it for all your online purchases. Although the amounts raised from individual transactions may seem small, they will stack up the more people log on and spend their money with us.

If you visit the main CCUIST website at www.ccuist.org, you will also find links to TOFFS (The Old Fashioned Football Shirt Company) where you can buy classic United tops from the 60s and 70s. Again, we've already benefited from people buying these shirts online as we get a cut of the sale price. Any football top bought via the links on our home page will benefit us. So don't feel embarrassed to buy an old Man United or Liverpool shirt as the only club to benefit will be CUFC!

You'll also find a form on the site to contact Alan Steel, who is YOUR representative on the Board of Directors. We are very keen to improve and increase the levels of communication between the supporters and Alan. He is the first fan to ever get a seat on the Board and so this is a great chance for you to let him know what you feel about how the club is being run or to raise issues that you want him to address. Alan has already got a lot done by being run or to raise issues that you want him to address. Alan has already got a lot done by being on the Board but there is much more to come - please help him out by getting in touch via our site.

Remember those websites - www.ccuist.org and www.buy.at/CCUIST

Keep visiting and keep supporting CCUIST and the Cumbrians!

* Another reminder to all our existing members whose membership expired on June 1 last year - those of you who have yet to renew, please ask our representative for a renewal form at the Paddock Portakabin or contact CCUIST at the usual addresses. You can also download a renewal form on our website. We need ALL of you to renew and make your donations, either big or small, for the share fund to hit its targets. Our fund is now a vital source of finance for the club and they will need every penny. There have been big changes at the club over the last 15 months or so, but CCUIST is now very much a permanent fixture and we will be doing all we can to help the club to future glory. Remember though that we can't do it without your help.

Up the Blues!!

CCUIST / CUOSC - Dates for your Diary

February 2004

- Fri 13 Carvery, Cabaret and Dance including Grand Draw - Tickets £22 each
 Tue 17 Cambridge United away day travel
 Sat 21 Macclesfield Town away day travel

Only a limited number of rooms left

CUOSC Pin Badges

£1.50 each

Available from any of the Ticket Office
 Portakabins at Brunton Park

Resume of The CUOSC Fans Forum 15.01.04

Carlisle United Official Supporters' Club are very much indebted to BBC Radio Cumbria for their continued support of our Forums, their contribution, in Derek Lacey chairing proceedings and the technology via www allows us to transmit our forum to the world and not just supporters within the Radio Cumbria area.

Once again those sharing the panel were Paul Simpson, holding the fort alone until joined by John Courtenay who had been delayed due to weather conditions on his journey from Dublin.

Below is a resume of some of the questions asked:

Q *Transfer listed players - had anyone expressed an interest.*

R No, Paul went on to say that he did not believe in embarrassing players and would assist in any way he could in trying to get the transfer listed players fixed up with other clubs. One of the problems was the type of contract they were currently on at Carlisle, the salary being too high for other clubs.

Q *Search for players from Conference teams who may be suitable to Carlisle.*

R Paul Simpson stated that some of the players within the Conference were on higher wages than Carlisle were prepared to pay.

Q *Paul was asked about signings and was money available.*

R Money was available but he was continuing to experience difficulty in being able to sign players, the majority did not want to travel so far north preferring to stay in the centre of the country where there is a bigger choice of clubs.

Q *Is there to be a bookies (commission agent) in the East Stand.*

R Yes, its opening is imminent, it will be located where the shop was under the East Stand.

Q *Supply of food in the East Stand. Brunton Pasties were in short supply at half time.*

R Andrew Jenkins is looking into this - (he will be meeting a member of the supporters' club committee in the near future and Adam will report back via the newsletter and web). The whole catering and bar facilities at Brunton Park are currently under review. There will possible be changes in the next few weeks.

Q *Pre-match entertainment in the Sunset Suite, like old tapes of Carlisle.*

R Matches commencing at 12 noon were transmitted. John felt that people would have a moan if you took a live match off the screen to show an old Carlisle United tape.

Q *John was asked about when he helps BBC Radio Cumbria on match reports.*

R Derek remembered one particular match against Exeter, John then relayed the full story regarding his comments over a penalty decision. This caused a great deal of amusement

Q *John was asked to comment on the prices being charged by Northampton Town in their FA Cup draw v Manchester United.*

R He didn't blame anyone but was adamant that any

monies raised because of such a draw should be ploughed back into the club and not someone's pockets.

Q *What type of midfield player was Paul Simpson looking for?*

R He recognised the midfield needs strengthening and the type of player he was looking for was an attacking midfield player with the ability to score.

Q *Question for the Netherlands asked about the position of Paul Arnison.*

R Paul stated he was hoping to sign him, he didn't know if he was going to be available on a free or if they wanted money for him, suffice to say that he was here at the moment and wanted to play for Carlisle.

Q *Andy Preece connection to Blackpool would the club let him go.*

R Paul said that if a job came up and Andy wanted to go to Carlisle would have to respect that. What he had at the moment was an agreement that anyone who wanted to talk to him had to come through himself (Paul) - Hopefully the message would get lost!

Q *Goods available in the shop e.g. the watches - was there any plans to have a range of merchandise for ladies?*

R Yes, John said that he would look into this.

Q *Comments made by Ally McCoist re our position at the end of the season.*

R John said that if we get to a game where we are safe, the TV has promised to televise it. He personally would wind Ally up and have him at the club. John went on to talk at length about our survival in the league. He believed it could be done and will be.

Q *From Leeds - Issues re the Evening News and Star.*

R John explained the situation - which has now been resolved with an apology from the News and Star to both John and Paul Bell.

You will appreciate that the above only gives you a taste of some of the questions and short accounts of the replies given; some were lengthy and very often amusing.

Date for your diary

The next Carlisle United Official Supporters' Club Forum will be held in the Sunset Suite on **Thursday 15 April 2004**. By that time we will have 4 games remaining.

John Evans

Born Liverpool 1938 - Died Liverpool 2004 aged 65

John's early life was spent in the City of Liverpool. His early years were during the war and he remembered vividly the bombing of the area around his home.

Because his grandmother had the foresight to strengthen the cellar the family were saved from a direct hit. Everything in their street was flattened. It was only the constant shouts from his uncle that drew searchers attention to where their home had once stood. When he was about 4 years old he was evacuated to Yorkshire, this was the first time John had seen grass and he made the most of country life. The family moved back to Liverpool after the war and John, having always kicked something around (more often than not a piece of coal) decided that he wanted to play football. The family were devout Evertonians so it was quite a shock when at 16 John joined the ranks of young talent at Anfield and started his career with Liverpool FC.

At 18 John went into the army. He was 5' 3" and weighed 8st 6lbs. Obviously the army did something; two years later he was 5' 8" and 10st 6lbs. He returned to Liverpool and back to Anfield.

John was transferred to Bournemouth but after being there only six months the news came that Bill Shankly had taken over at Liverpool and all his old team mates were promoted to the senior side. He was gutted although he was getting games at Bournemouth. His career was almost over at Bournemouth because of an injury. The club doctor said he would be a cripple if he played football again. A visit to Harley Street to see a specialist confirmed the findings of the doctor. That was never going to be the end for John. He left Bournemouth and returned to Liverpool to work with his relations on the docks. Still with football in mind he returned to Bournemouth and played non-league football scoring 39 goals for Salisbury in the Southern league.

His next move was to Stockport County, having only played twenty minutes of a game an ex Carlisle United player, George Whitelaw, who had been a team mate at Stockport, hit him in the air he landed badly and injured his shoulder, that was him out for six weeks. True to form John got himself fit in much less time and was playing again. That season he was their second leading goal scorer with 31 goals in 51 appearances. The next season he was their leading scorer.

After Stockport he came to Carlisle. Before Alan Ashman would sign him he wanted to know everything about him his character, enthusiasm and desire for training. If nothing else John was passionate about football and trained hard. When talking about his time with Carlisle John had very fond memories of the 63/4/5 seasons. He would talk about Alan Ashman being very quiet, unassuming and capable but he really warmed to Dick Young. John often said of Dick that his training methods were just unbelievable. He was light years ahead of his time. The techniques he used which included medicine balls and workouts in the gym made Carlisle one of the fittest teams in all of the leagues. Another area that was sacred to Dick was the one touch football. No one was

allowed to touch the ball more than twice. It became second nature to the squad to get the ball and give it. Another saying of Dick's was "The ball is round, it's made to round, so push it around" and "It doesn't matter which way you are facing, pass it to the nearest blue shirt". Those simple principles John said made a great team.

When asked what it was like to play alongside Hughie McIlmoyle - John replied "a dream". Two touch football was second nature, the team didn't even have to think about it. Before the team went on the pitch Alan Ashman would give his team talk - Hughie McIlmoyle often fell asleep, but once he got on the pitch it was a different story we played simple easy effective football.

In November of 65 John lost his first team place to Dave Wilson. Jimmy Blain who had been at Liverpool with John had moved to Exeter and wanted him. John regards his move to Exeter as a big mistake he often said he wished he'd stayed at Carlisle. Carlisle was known for its discipline. You would not dare be late for the coach, Exeter was a shambles the players did what they wanted. The manager who had signed him got the sack 2 weeks after John arrived, the trainer took over and hated the managers signings so he wanted rid of them all - John Evans included. His last move was to Barnsley. But there was salt in the wound when a couple of weeks later John returned to Exeter in a Barnsley shirt and scored the winning goal.

John's career finished at Barnsley due to an injury

John and his partner Rose often came to Carlisle. he was a great supporter of Carlisle United, a member of CCUIST and joined the Supporters Club's pre season tour of Ireland even though his health was far from good. The supporters will always remember John he would be there with a helping hand if there were any functions he could attend and fly the flag for the club.

Sadly on January 6 2004 John lost his fight against brain cancer, which had been diagnosed in August 2003. he was buried in Liverpool. The Order of Service card for his funeral mass had a photograph of a drawing by a Carlisle artist Wayne Green of John in a Carlisle top scoring a goal with his head That showed the importance of Carlisle United to John Evans.

Obituaries

January sadly saw the death of three former United players:-

George Whitelaw aged 67 who played for Carlisle United during the season 61/2.

John Maxfield aged 84 who after his playing days worked for British Rail in Carlisle.

John (Johnny) Evans who played for Carlisle United during the seasons 64 to 66.

Carlisle United Official Supporters Club

Grand Draw

On behalf of the Supporters' Club we would like to say a huge thank you to everyone who has sold or bought Grand Draw tickets. No matter if you have bought one or twenty one, every little helps. A special thank you to the following that have persuaded, pestered and browbeaten you into buying tickets at home and away matches. At least after the Bury game you will not have to run the gauntlet.

Yvonne (fox hat) Bowman
 Louise Fawcett
 Tommy Coleman
 Ian Winter
 David McLean
 Bob Lindsay

To date the Supporters' Club have received two requests for the use of the money raised from the Grand Draw, one is from Neil Dalton and related to the provision of TechnoGym equipment, the other from Alan Steel who would wish the money to be used to purchase a ground cover for Brunton Park. The successful bid will be announced at the Carvery, Cabaret and Dance to be held in the Shepherds Inn, Rosehill on Friday 13 February 2004.

The total amount of money raised will be announced in the next newsletter together with photographs of what the money will be spent on.

I don't think there has ever been a draw in the history of Carlisle United that has generated as many wonderful prizes. There are over 100, all of which will be drawn on the 13th. You will see from the list of prizes contained in this newsletter that there are yet more additions this month. A full list of the winners, the prizes and hopefully where or by whom the lucky ticket was sold will be available for the April Newsletter. If you are a lucky winner your prize will be delivered to you. Alternatively you will be contacted as to how you would like to collect your prize. The double bed could be a problem if one of our members in Australia wins it - but we will cross that bridge if we come to it, I'm sure some arrangement can be made.

Good luck to everyone who has bought a ticket.

The following people and companies have kindly donated prizes to our Grand Draw which will take place on 13 February 2004. Tickets are now on sale priced £1.00 each.

If you have any tickets to return please hand them into the Paddock Ticket Office or return by post.

Name	Prize Description
Andersons (Denton Holme) Limited	Vogue Silver Bed 3' value £70
Alan Steel	Off Road Driving Day
Armstrong Watson Business Services	Bottle of Whisky
Anonymous Donor	CD Player

On the Road with the London Branch

One thing Carlisle United can be sure of is good support away from home whenever they visit the South of England.

The reason for this is that the London Branch has exiles spread from Cornwall to Yorkshire. Take Bristol for example (I wish someone would!), the London Branch had the majority of their 200 + members at the game travelling from as far South as Falmouth in Cornwall and as far North as Stoke-on-Trent to get there. This is the reason that the London Branch always nominates a meeting pub before the game as people converge from the four corners of the country to have a crack and cheer on the Blues.

Over the years the London Branch have got to know the towns and cities United play in and now have a comprehensive list of the best meeting places in each. An annual event for the London Branch is the weekend in Torquay. Traditionally, we stay in a variety of B&Bs across to town, largely because the year we all stayed on the same place things got a bit exuberant and we nearly all got thrown out so nowadays we tend to spread the risk. The tradition extends to meeting for a meal on the Friday and Saturday nights and then visiting one of Torquay's numerous night clubs until the early hours and if the lads can pick up three points on the Saturday afternoon all the better. Things don't always go to plan, however, a couple of seasons ago United played at Torquay on the Bank Holiday Monday and it was advertised in all the newspapers as an evening game. Many of the London Branch members who descended on Torquay for the long weekend didn't bother to check and found out on Monday evening that they had missed the game that was played in the afternoon! Luckily I rang the club and asked what time the game was on. "What time can you get here?" was the jokey reply . . .

Whilst Cambridge is hardly a favourite venue (its always cold, there are no decent pubs near the ground, the Supporters Club has seen better days and they always seem to cram us into the most decrepit part of the ground) it is usually well attended and this year will be no exception. We have arranged an eleven-a-side game against the Cambridge Supporters Club before the match and hope to better our 4- 4 draw at Oxford.

The one place no one likes to go is Swansea. It always seems to be further than you think its going to be, the natives are hostile, the pubs are dodgy, the ground is overlooked by the prison, in fact it doesn't have a lot going for it. Even so, the London branch has managed to turn trips to Swansea into something more enjoyable by having a night out in Mumbles (a bit further down the road) and then Sunday surfing at Rhossili

Bay. Granted, its not Hawaii, but if you wear a wetsuit, ignore the weather and the long walk to the sea, and make sure you wear a rash vest so that you don't get sand burns, you can catch some decent waves.

The big one this season will be the trip to Doncaster for the last game of the season. Whatever United's position it is traditional for as many London Branch fans as possible to make the last game of the season, not matter where it is. This season the Doncaster game could be vitally important. We will be there.

Looking forward to meeting you on our travels.

Malcolm Fawcett

(information@carlislelondonbranch.org)

Question Time

Programmes - The accessibility of programmes inside the ground is being addressed by the club. It has been acknowledged that it is sometimes difficult to purchase programmes outside the ground and impossible inside. The matter is receiving attention.

The purchase of the ladies strip was a question asked at the recent forum. John Courtenay agreed to look into the provision of ladies items for the Club shop.

Catering facilities -Recent developments at Brunton Park have resulted in the club contracting out the catering and bar facilities at Brunton Park. A member of the supporters' club is to meet with Andrew Jenkins in the near future regarding the match day supply of hot food from the cabins and under the East Stand. Adam will report in the next newsletter developments in relation to this matter.

Via the web site Adam has received more of your questions. These have been sent to the CCUIST representative on the Board of Directors, Alan Steel. Sadly at the time this newsletter went to print no response had been received to the previous questions asked of him. We will keep you updated.
